

QUALITY POLICY STATEMENT

Swede Control Intertek Limited (SCIL) delivers independent inspection, verification, monitoring and assurance services that safeguard trade, revenue and public trust across Nigeria's import-export and oil-and-gas sectors. Guided by our Vision "to be the foremost and reliable quality inspection and assurance company in Nigeria" and our Mission "to be the best quality-inspection company with timely service delivery that exceeds customers' expectations," we commit to:

1. **Integrity, Respect, Innovation & Gratitude** — embedding our core values in every engagement to uphold impartiality and stakeholder confidence.
2. **Customer & Regulatory Satisfaction** — understanding and meeting all applicable client, statutory, and regulatory requirements for inspection, cargo superintendence, monitoring, and evaluation services.
3. **Continual Improvement** — operating an ISO 9001:2015-conformant Quality Management System (QMS) and setting measurable quality objectives that drive risk-based thinking, process efficiency, and service excellence.
4. **Competent People & Resources** — equipping our workforce with the knowledge, technology, and authority needed to deliver accurate, impartial, and on-time results.
5. **Transparent Communication** — making this policy available, understood, and applied by employees and relevant interested parties, and reviewing it at planned intervals to ensure ongoing suitability and alignment with SCIL's strategic direction.

This policy provides the framework for establishing and reviewing our quality objectives and underpins our pledge to satisfy requirements and continually enhance the effectiveness of our QMS.
